

Knott Landfill Field Trip Discovery Sheet

The U.S. produces more than 12% of the planet's trash, though it is home to only 4% of the world's population. In 2022, Oregonians generated over 6 million tons of municipal solid waste (MSW) and put 3.5 million tons into landfills or incinerators. Use this worksheet to accompany the Knott Landfill Tour. It will help in your understanding of waste management, and think critically about what you are learning.

Tra	nsfer Station			
0	How many Transfer A Two	stations does DCSW o	perate? C Eight	
2	Transfer stations play a vital role in cost-effective solid waste transportation by transferring waste from smaller to larger vehicles for disposal. They improve effective centralizing waste collection and transportation. Use the space below to jot do observations in the Transfer station.			
3	What is thrown out i	n the highest percenta	ge in US Landfills?	
4		disposed daily at Knot		
Re	cycling Center			
5	Name 3 items that a	e recycled at this facil	ty that cannot be recycled in curbsid	e recycling.
6	Where does the con	nmingle recycling in Be	nd go?	
	A Into the landfill	B To a facility in I	ortland C To a company in Califor	'nia

Recycling Center Why is it dangerous to throw lithium batteries (found in remote control cars, hand tools, mobile phones, tablets, electric toothbrushes) in waste streams? 8 How does County's current recycling percentages compare with state regulations? A We recycle more We recycle less C We have the highest rates in the state **Landfill Cells** 9 What is the difference between a Landfill and a dump? 10 What is Leachate? A worm with suckers **B** The smelly gas collected Water that is polluted after in a landfill through the solid waste. passing What is the gas called that is created in the landfill from organic matter decomposing? A Carbon Dioxide **B** Methane Fluorinated gases What will the gas that is collected eventually be used for? How many cells are left to fill at Knott? _____ Cells What are the 6 \mathbb{R} 's in waste management and diversion?
