Hi Mr. Brownell,

My name is Jessica Hathaway and I am a homeowner in the Caldera Springs development. I'm writing to express my strong support in favor of allowing Republic Services to provide recycling services in our community and surrounding areas. We currently take our recycling to a transit station for recycling but it is messy and time-consuming. It would be much easier and more efficient to have curbside recycling. The additional minor cost is well worth the benefit, both personally and environmentally, in my opinion. I truly hope this proposal passes and recycling services become available as soon as possible.

Thank you!

Jessica Hathaway
