Dear Tim,

I am a full time resident and homeowner at 56319 Elk Run Drive in the Caldera Springs development. My husband and I built our home and moved to Oregon from Northern California in October 2025.

It did not occur to us that this beautiful resort would lack curbside recycling. Whether in California or any other state, and certainly already in our neighbor, Sunriver curbside recycling is now common. Please lead the way in fixing this missing resource.

We plan to age in our home and gathering and transporting bottles and cans is not easy for anyone, but is hardest on folks like us. Recycling is good for the environment, community and can be profitable for the county. Curbside pickup means more recycling will occur. Less waste, less landfill, all around good stuff.

Please add my name to your list of strong supporters for this important initiative. Correct the wrong. Encourage a behaviour that is so good for all !!!

Respectfully,

Dianne Crosby
