I would like to make it known that I am very much in favor of expanding the curbside recycling program in Deschutes County. As I jokingly say to my wife, "I'm off to my favorite place in Deschutes County...the recycling center". We are both recycling conscience and I make a trip to the transfer station on average about every 3 weeks. The small charge of \$6 per month for our recycles to be picked up street side would be well worth the expense. I could also encourage others to participate in recycling. I know our neighbors just dump everything in the garbage bin and can't be bothered to recycle. Expanding this program would hopefully reduce the amount of recyclables in the waste stream.

Please approve this proposal.

Regards,

Tom Lawler
