All,

I'm in support of extending curbside pickup of recycles in distant rural collection zones.

Any means of encouraging recycling is good for the County. With Sunriver Recycling Depot closed in fall 2024, providing recycling pick up in unincorporated rural communities seems responsible.

Additionally, I want to express my utter disappointment with the flawed district map to be included on the November 2026 ballot. And, the unfortunate reappointment of Matt Cyrus to Sisters Planning Commission, without considering other qualified candidates—those who actually might listen to community concerns.

Thanks for the opportunity to comment.

M.A. Kruse
