Hello,

I want to provide our full support for curbside recycling every other week in La Pine and the surrounding areas. When we relocated to central Oregon, we did not anticipate that there would be no curbside recycling. The lack of curbside recycling does make engaging in this important resource allocation and renewal process challenging. Not only does it create piles of materials around the yard that need to be handled independently, but it also discourages other community members who may not be as committed to the recycling process from engaging.

I can also envision a time when loading a trailer full of recycling to be driven to the transfer station, which is several miles away, once a month would be impossible to maintain, as I imagine it already is for some of my neighbors.

Please advance this expansion of recycling services.

Thank you in advance -

Tanya Ostrogorsky
Sunrise Blvd, La Pine, OR
